

Technology Industries of Finland EU2030 vision

Deputy Director Akseli Koskela

November 2023

EU and the World - SWOT

S

- Education & Research
- Single market – size, dynamics
- Single market - competition
- Democracy, freedom, rules-based economy and societies

O

- Transformation towards fossil-free and resilient energy system
- Global sustainable circular economy
- Partnerships w/ US, regions and global south
- Application of 6G, AI & other data-driven solutions
- Streamlining regulation + soft power

W

- Overwhelming regulation in silos
- Low productivity, slow in digital
- Diminishing and ageing population
- Scarce materials, colonial past
- Provider of Security

T

- Trade war – EU export-led economy
- State-aid race + state-driven economy
- Ruptures in access to raw materials
- Global backlash to regulatory imperialism
- Inability in security policy, militarisation of digital
